SUBJECT INDEX FOR VOLUME 37

Africa, sexual behaviour and HIV transmission, 401–412
maternal mortality 1980–1987, 745–752
AIDS, knowledge and attitudes in Greece, 77–83
and sexual behaviour in rural Africa, 401–412
and communities, No. 5, v–vii
HIV infection and sexual practices in urban Brazil, 661–670
attitudes and beliefs in Uganda, 679–684
women's sexual behaviour in Africa, 859–872
and social disintegration, 887–896
action-research in Zaire, 1401–1413
preventive programmes in Switzerland, 1539–1544
alcohol research, 5–13, 27–30
alternative medicine, and chiropractice in Canada, 431–435
and patients attending general practice, 983–988
asthma, and emergency service use, 305–313

Bangladesh, community-based intervention for childhood diarrhoea, 159–171
Belgium, prenatal screening and vaccination against hepatitis B virus, 173–181
bilharzia, 481–501
Bolivia, and cogenital Chagas' disease, 503–511
risk factors in maternal and child health, 1345–1349
Brazil, impact of malaria, 1131–1145
breastfeeding, and growth monitoring, 1565–1578

Caesarean births, 1177–1281
Cameroon, public health facility experiment, 369–383
Canada, queueing for bypass surgery, 61–67
performance of public health units in Quebec, 85–95
regulation of the health professions, 129–138
utilization of chiropractice, 431–435
social indicators and mental health, 813–822
avoidable mortality in Quebec, 823–831
health professions and the State, 841–850
cancer, and the defining of health, 295–304
regional variations in lung cancer, 623–631
geographical variations, 752–759
among French farmers, 771–777
identifying hazards, 1079–1085
social factors and vulnerability for breast cancer, 1545–1555
cardiovascular disease, mortality and French Polynesia, 779–790
effects of the Gulf war in Israel, 1481–1488
Chagas' disease, in Bolivia, 503–511
child health, in Yemen, 233–240
and economic policy, 1391–1400
and social support, 1509–1520
and breastfeeding, 1565–1578
childhood diarrhoea, in Nicaragua, 97–103
community programmes in Bangladesh, 159–171
in rural Benin, 253–261
children, and support of the dependent elderly, 139–151
China, health and capitalism in rural areas, 761–770
chronic fatigue syndrome, development of a questionnaire, 385–391

in rural Benin, 253–261
children, and support of the dependent elderly, 139–151
China, health and capitalism in rural areas, 761–770
chronic fatigue syndrome, development of a questionnaire, 385–391

chronic illness, anthropological perspectives, 281–329
coping with chronic fatigue syndrome, 385–391
clinical decision-making, 1451–1459
clinical depression, and social support, 331–342
clinical research, and ethics, 1427–1430
Colombia, economic impact of malaria, 1109–1114
malaria and human mobility, 1155–1167
communicable diseases and migration, 1489–1499
compliance, and patient demographics, 1035–1043
coping, and malaria, 1169–1176
and war, 1481–1488
cost-effective analysis, 33–40
and prenatal screening against hepatitis B virus, 173–181
and neonatal screening, 541–547
of antenatal screening, 873–878

demography, and malaria, 1093–1198
dental care utilization, 1461–1472
the question of accessibility, 1501–1508
disability, 69–75
and stress among Chinese parents, 267–274
self-care and multiple sclerosis, 315–329
doctor–patient relations, communication about surgery, 591–602
Dominican Republic, and childhood nutrition, 1293–1301
maternal health and economic crisis, 1391–1400
donor insemination, 263–266
drugs marketing, in developing countries, 897–904
Duchenne muscular dystrophy, and neonatal screening, 541–547

economic policies, and maternal and child health, 1391–1400
elderly, and family support, 139–151
and quality of life, 153–158
health care financing in Japan, 343–353
predicting outcome of nursing home residents, 548–554
cost of community care, 583–590
and care for the demented in Sweden, 1529–1538
emergency services, and asthma, 305–313
environmental health, 1079–1085
pesticides and cancer among farmers, 771–777
exposure to solid waste facilities, 791–812
ethnography, and alcohol studies, 27–31
euthanasia, No. 1, iii–v, I–II
medical attitudes, 105–114

family health, impact of Caesarean section, 1271–1281
family planning, in Central Sudan, 685–689
fertility, trends in north India, 1367–1376
policies for assisted reproduction, 1473–1480
Finland, maternal health care, 633–648
health inequalities compared to Britain, 1055–1068
France, family support for elderly parents in the rural south-west, 139–151
pesticide exposure and cancer in farmers, 771–777
French Polynesia, cardiovascular mortality, 779–790

general practice, and patient beliefs, 53–59
use of time and system of payment, 393–399
mental health and stress factors, 575–581
and drug prescribing, 883–886
gender differences, in migraine, 879–882
of health in British and Finnish, 1065–1068
in the British Civil Service, 1415–1425

gender theory, and Caesarean rates, 1261–1269
genetics, prenatal diagnosis in 19 countries, 1359–1366
Ghana, health policies 1900–1938, 213–232
Great Britain, health behaviour variations, 725–733
health status in a birth cohort, 905–916
health inequalities compared to Finland, 1055–1068
Greece, knowledge and attitudes about AIDS, 77–83
Guatemala, self-help and helminthic infection, 531–539
and childhood nutrition, 1303–1312

health behaviour, 735–743, 1019–1034
in Nicaragua, 355–368
British variations, 725–733
among Rwandan women, 1285–1292
health beliefs, and general practice, 53–59
about AIDS in Greece, 77–83
in rural Zaire, 241–252
in rural Benin, 253–261
and hypertension, 285–294
among Pakistani mothers, 649–660
among North American Indians, 671–678
about AIDS in Uganda, 679–684
about nutrition in rural India, 937–952
and risk factors, 1557–1564
health care costs, for the Japanese elderly, 343–353
a Cameroon experiment, 369–383
the elderly and the community, 583–590
health economics, and malaria, 1093–1108
impact of malaria in Colombia, 1109–1114
economic impact of malaria in Sudan, 1115–1119
impact of malaria in Brazil, 1131–1145
and Caesarean rates, 1223–1231
and dentistry, 1461–1472
health insurance in a South African clinic, 1521–1527
(*see also under specific headings*)
health planning, use of socio-demographic indicators, 813–822
in southern Africa, 927–935
health policy, a supply-demand mismatch, 61–67
in a South African clinic, 1521–1527
health professions and the State, 129–138
health status, designing measurements, 69–75
in a British birth cohort, 905–916
hemodialysis, patient compliance and demographics, 1035–1043
homosexuals, AIDS prevention programmes in Switzerland, 1539–1544
hospital stay, variations in duration, 833–839
hospital utilisation, 1431–1439
human mobility, and malaria in Thailand, 1147–1154
and malaria in Colombia, 1155–1167
human reproduction, policies for assistance, 1473–1480
hypertension, and health beliefs among the African-American women, 285–294

India, crop yields, seasonality and gender bias in nutrition, 1313–1319
mortality in the rural north, 1367–1376
the impact of dairying on women's health, 1377–1389
Indonesia, work and lactation, 555–563
inequalities in health, infant mortality in Spain 1975–1986, 413–417
Britain and Finland compared, 1055–1068
the case of dentistry, 1501–1508
infant mortality in Malawi, 183–198

injury prevention, and motorcycling, 419–429
Israel, coping with war, 1481–1438

Jamaica, maternal health services, 199–211
Japan, health care financing for the elderly, 343–353

Kenya, malaria control, 1121–1130

leprosy, in women, 445–456
and pregnancy, 457–472
life events, and breast cancer, 1544–1555

malaria, 1091–1176
and women, 473–480
Malawi, infant mortality, 183–198
marital adjustment, and child death, 1005–1110
maternal health, services in Jamaica, 199–211
and leprosy, 457–472
and work patterns during lactation, 555–563
services in Finland, 633–648
and breastfeeding in urban Mexico, 1069–1078
in Bolivia, 1345–1349
and economic policy, 1391–1400
maternal mortality, in Africa 1980–1987, 745–752
medical anthropology, 281–329, 1045–1054
substance abuse, 1–31
health beliefs in Zaire, 241–252
(*see also under specific headings*)
medical authorship, 521–530
medical communication, 565–569
medical dominance, and state authority, 841–850
medical ethics, No. 7, v–ix
and clinical research, 1427–1430
(*see also under separate headings*)
medical geography, and communities and AIDS, 697–839
(*see also under separate headings*)
medical rationing, and bypass surgery, 61–67
in inner London, 851–857
mental health, and unemployment, 41–52
housing problems and social support, 603–612
mental health services, and fiscal incentives in Texas, 917–926
Mexico, lactation performance across time, 1069–1078
the role of midwives in the health system, 1321–1329
health status of women in Oaxaca, 1351–1358
midwifery care, and Caesarean births, 1233–1250
in Mexico, 1321–1329
migraine, gender differences, 879–882
migration and communicable diseases, 1489–1499
mortality, in rural north India, 1367–1376
Mount Sinai, Cesarean programme, 1219–1222
multiple sclerosis, and self-care, 315–329

Netherlands, regional differences in lung cancer, 623–631
New Zealand, housing stress and social support, 603–612
Nicaragua, ORS and childhood diarrhoea, 97–103
health care behaviour, 355–368
Nigeria, women's sexual behaviour, 895–872
Nottingham Health Profile, and prostatectomy, 115–122
nursing, in Saudia Arabia, 1331–1343
nursing homes, predictors of patient outcome, 549–554

nutrition, programmes in the Philippines, 995–1003
among Dominican children, 1293–1301
among Guatemalan children, 1303–1312
in south India, 1313–1319

occupational health, among Ghanaian gold miners 1900–1938, 213–232
and lactating women, 555–563
distress among general practitioners, 575–581
gender differences and mobility in British Civil Service, 1415–1425
operations research, in developing countries, 1431–1450
Oral Rehydration Therapy (ORS), in Nicaragua, 97–103
in Benin, 253–261

Pakistan, maternal perceptions of pneumonia, 649–660
Peru, psychiatric patient behaviour, 1045–1054
Philippines, nutrition programmes, 995–1003
prescription practices, in general practice, 883–886
preventive medicine, the case of hepatitis B virus, 173–181
the case of antenatal screening, 873–878
professional ethics, and euthanasia, 105–114
Public Health Units, 85–95

quality of life, along the stages in life, 153–158

renal disease, and black Americans, 613–621
resource allocation, and cost-effective tables, 33–40
Rwanda, health-seeking behaviour among women, 1285–1292

safety, and motorcycling, 419–429
Saudi Arabia, and nursing education, 1331–1343
self-care, and multiple sclerosis, 315–329
self-diagnosis, the treatment of perceived helminthic infection, 531–539
sense of coherence, 969–981
sexual behaviour, and AIDS in rural Africa, 401–411
in urban Brazil, 662–670
among African women, 859–872
sexual practices, and AIDS risk in Zaire, 989–994
social class, and health in Switzerland, 1111–1118
social support, stress and clinical depression, 331–342
with chronically ill children, 1509–1520
South Africa, and health service links, 927–935
and health care, 1521–1527
Spain, trends in childhood mortality 1975–1986, 413–417
stress, and social support among Chinese mothers, 267–274
a literature review, 331–342
infant mortality and marital adjustment, 1005–1110
Sudan, family planning practices, 685–689
economic impact of malaria, 1115–1119
surgery, and patient satisfaction, 591–602
surgical outcome, and the Nottingham Health Profile, 115–122
Sweden, care for the demented elderly, 1529–1538
Switzerland, social inequalities and mortality, 1111–1118
AIDS prevention, 1539–1544

Thailand, malaria and mobility, 1147–1154
traditional medicine, among the Maya, 671–678
tropical diseases, and women, 441–520

unemployment, and mental health, 41–52
U.S.A., renal disease in the black population, 613–621
utilisation of mental health services among Hispanics, 916–926
utility functions, 873–878

vasectomy, 263–266

women's health, tropical diseases, 441–520
and development, 1283–1413

Yemen, child health, 233–240

Zaire, ritual practices and popular medicine, 241–252
sexual practices, 989–994
and AIDS research, 1402–1413
